We will not issue a pre paid certificate for children under 12 years of age, unless accompanied by a passenger over 12 years, who must be paid for at the same time and on the same certificate.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE,	Capt. BROWN,
WESTERN STAR,	" THAYER,
FRANK PIERCE,	" MARCY,
CHARIOT OF FAME,	" KNOWLES,
PARLIAMENT,	" SAMPSON,
NORTH AMERICA,	" DUNBAR,
DAN'L WEBSTER,	" HOWARD,
PLYMOUTH ROCK,	" CALDWELL,
SUNBEAM,	" PUTNAM,
LEVI WOODBURY,	" NICKERSON.

These Ships, when in the Line, sail from Boston as per special advertisement and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

OFFICES:

Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts.
Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.
Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.
Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they are deserving of the most exact fulfillment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) † JOHN B. FITZPATRICK, Bishop of Boston.

This is the only Packet conveyance between Boston and Liverpool, and offers superior facilities for passengers returning home.

These Ships lie at the Liverpool Packet Pier, Constitution Wharf, Boston, when in port, and persons sending for their friends, can go on board and examine their accommodations.

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; this is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigrations to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

Later Foreign News.

Under the Telegraph head will be found the details of the news by the *Europa*, which arrived at New York yesterday, with Liverpool dates to the 6th instant. The intelligence is highly interesting, as well as commercially favorable. The war cloud in Europe grows more and more lowering, and the clash of arms begins to be heard in almost all parts of the Continent. It must be the fervent wish of every patriot that our country may be spared the bloodshed, the waste and the woe, which seems to be impending over Europe.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, Monday, May 15.

We are all awaiting with eager hope the accounts of this day's sitting of the House of Representatives—for the noble minority have done so well, that now they must stand firm to the last, and rather than suffer the triumph of the Nebraska iniquity, let all the business of the Government stand still. It is an issue of such deep moment and permanent consequences, that no temporary inconvenience, or evil to be occasioned—even by secession from Congress, if nothing else can effect the object—should be suffered to weigh against the obligation to defeat the Nebraska fraud.

Our meeting on Saturday in the Park was yet more significant by its temper than its numbers. It was marked by one deep sense of wrong and resolute purpose to resist that wrong—and when *Benjamin F. Butler* said that if upon the issue now before the country, WILLIAM H. SEWARD was presented as candidate for the Presidency against *Stephen Arnold Douglas*, backed though he might be by the nomination of a Baltimore Convention, he, Butler, would vote for WILLIAM H. SEWARD, there went up a cheer, that at no time before in the city of New York could have been obtained for that name. For it is well known that while enjoying unbounded and deserved popularity in the rural districts, Mr. SEWARD has not been popular in this city in anything like the same degree. But *Nebraska* has changed all that, and the naked question now being FREEDOM vs. *Slavery*, FREE LABOR against *Slave Labor*—all other issues will be merged, all other distinctions forgotten, all resentments and prejudices overcome; and we shall all go for the man whose antecedents, like those of WILLIAM H. SEWARD, make treachery to the interests of Freedom impossible.

It may yet be that the power of corruption, so lavishly resorted to by the Executive, and the insolence of bullying Representatives of Slavery, may force through the Nebraska Bill—but the end will not be there. REPEAL will be written upon every banner and be the test of every election at the North and in the Free West. We will not give up to Slavery a region larger than the Old Thirteen, in the very heart of our country and which our wise forefathers consecrated to Freedom. And Repeal will not stop with the overthrow of the Nebraska crime. If the South will force the point upon us, we will meet it and will put an end to Slavery, so far as guaranteed by the Constitution, altogether. We will not any longer be partakers of the iniquity. We will not be lorded over by task-masters. The day of Compromises will have passed irrevocably, whenever the Missouri Compromise shall be annulled, and then woe to those who would still strive to uphold and enlarge Slavery.

Our attention is somewhat diverted to-day from this all-absorbing topic, by the sad episode of the shipwreck of the *Winchester* packet-ship—drifting helpless in mid-ocean for many weary days and nights with 700 passengers on board—and by the stirring record of the rescue of all these doomed beings, through the instrumentality, under God, of the gallant officers and seamen of the steamer *Washington* and other vessels that laid by their disabled comrade, and in despite of all obstacles of weather and tempest-tossed ocean and shivered boats—succeeded in saving all. It is consoling to be able to contrast the unselfish heroism of such men as Capt. FITCH, of the *Washington*, and his noble first officer, P. W. KING with the treachery and skulking of those members of Congress from the Free States, who are now at Washington, helping to sink, rather than to save, the ship of State. It needs some such relief in the picture to prevent an honest man from despising and despairing of his race.

John B. Macy—Mark his vote!

The people of the northern district of this state will mark the facts that, on Monday last, when Mr. Richardson, the Nebraska leader, moved a suspension of the rules so as to offer a resolution to terminate the debate *this* day, 20th, the vote being 137 to 66, JOHN B. MACY *voted Aye*, while Messrs. EASTMAN and WELLS were with the friends of freedom. When the resolution came to a vote, the numbers being 114 to 59, JOHN B. MACY again *voted Aye*, and against both of his colleagues!

REPORTED LOSS OF THE GARDEN CITY!—Capt. DIXON, of the propeller *Illinois*, which arrived yesterday afternoon from Buffalo, brings news that the fine steamer *Garden City*, which left here on Saturday morning last, on her first trip to Sault St. Marie, has gone on the rocks near Pt. Detour, 15 miles from the mouth of the river St. Marys, and, it was thought would be a total wreck. We trust that the account is exaggerated, and that we shall soon see Capt. SQUIER and his handsome and popular boat, on the route again.

THE TRACK LAID TO MADISON!—We learn from a friend, who left Madison Thursday evening, that the laying of the rails to that point was completed, and that quite a number of the residents of the capital, collected at the bridge that afternoon, to have the first rail-road ride across. Our Madison friends look for a large muster from Milwaukee, on Tuesday. They will not be disappointed.

OUR DIFFICULTY WITH SPAIN.—A despatch from New York says, that advices brought from Madrid, brought by the Atlantic, indicate the entire rejection of Mr. Soule's demands on the Spanish Government.

The Havana correspondent of the N. Y. *Picayune*, states, that several Army officers were sent to the United States in the Steamer Isabel, to watch the movements of our government in regard to fillibusters. He also states that a panic prevails there in relation to the Black Warrior and the Captain General has a decree ready to issue, the moment the United States declares war, abolishing slavery on the island. Many Europeans were leaving Havana with their families.

☞ The New York Mirror says—"The Croton D—n is all right again, and we are now getting our regular supply of milk."

What the Nebraska Bill Means.

Relying upon the passage of this bill of abominations by Congress, and upon the usual submission to the aggressions of slavery by northern politicians, and by the people of the north, who allow themselves to be led by the nose by those politicians, the ultra-advocates of the slave power at the south are becoming bolder every day in unmasking their policy. We have seen many indications of this of late, but the following, from the Charleston, (S. C.) *Standard*, of a recent date We beg our readers to peruse it carefully, as a plain statement of the hopes and intentions of the madmen who are now pushing the Nebraska Bill through Congress, as one among their measures of aggression upon Freedom, and for the perpetuation of Slavery:

"A general rupture in Europe would force upon us the undisputed sway of the Gulf of Mexico and the West Indies, with all their rich and mighty productions. Guided by our genius and enterprise, a new world would rise there, as it did before under the genius of Columbus. With Cuba and St Domingo, we could control the productions of the tropics, and, with them, the commerce of the world, and *with that*, the power of the world. Our true policy is to look to Brazil as the next great slave power, and as the Government that is to direct or license the development of the country drained by the Amazon. Instead of courting England, we should look to Brazil and the West Indies. The time will come when a treaty of commerce and alliance with Brazil will give us the control over the Gulf of Mexico and its border countries, together with the islands, and the consequence of this will place African slavery beyond the reach of fanaticism, at home or abroad. These two great slave powers now hold more undeveloped territory than any other two Governments, and they ought to guard and strengthen their mutual interests by acting together in strict harmony and concert. Considering our vast resources and the mighty commerce that is about to expand upon the bosom of the two countries, if we act together by treaty *we can not only preserve domestic servitude*, but we can defy the power of the world. With firmness and judgment, we can open up the African slave-emigration again to people the noble region of the tropics. We can boldly defend this upon the *most enlarged system of philanthropy*. It is far better for the wild races of Africa themselves. Look at the 3,000,000 in the United States who have had the blessings, not only of civilization but of Christianity. Can any man pretend to say that they would have been better off in the barbarian state of their native wilderness; and has not the attempt to suppress, by force, this emigration increased the horrors of the 'middle passage' ten-fold? The good old Las Casas, in 1519, was the first to advise Spain to import African to her colonies, as a substitute for the poor Indians, who, from their peculiar nature, were totally unsuited to bear the labors of slavery. Experience has shown that his scheme was founded in wise and Christian philanthropy. Millions of the black men, yet unborn, will rise up to bless his benevolent memory. The time is coming when we will boldly defend this emigration before the world. The hypocritical cant and whining morality of the latter-day saints will die away before the majesty of commerce, and the power of those vast productions which are to spring from the cultivation and full development of the mighty tropical regions in our own hemisphere. If it be mercy to give the graingrowing sections of America to the poor and hungry of Europe, why not open up the tropics to the poor African? The one region is as eminently suited to them as the other is to the white race. There is as much Philanthropy in one as the other. We have been too long governed by psalm-singing school-masters from the North. It is time to think for ourselves. The folly commenced in our own Government uniting with Great Britain to declare slave importation piracy. Piracy is a crime on the high seas, arising under the law of nations, and it is as well defined by those laws as murder is at common law. And for two nations to attempt to make that piracy which is not so, under the law of nations, is an absurdity. You might as well declare it burglary, or arson, or anything else. And we have ever since, by a joint fleet with Great Britain on the coast of Africa, been struggling to enforce this miserable blunder. The time will come that all the islands and regions suited to African Slavery, between us and Brazil, will fall under the control of these two slave powers, in some shape or other, either by treaty or actual possession of the one Government or the other. And the statesman who closes his eyes to these results, has but a very small view of the great questions and interests that are looming up in the future. In a few years, there will be no investment for the two hundred millions, in the annual increase of gold on a large scale, so profitable and so necessary, as the development and cultivation of the tropical regions now slumbering in rank and wild luxuriance. If the slaveholding race in these States are but true to themselves, they have a great destiny before them."

The article above is thus rendered into plain English by the *N. Y. Tribune*:

"1. To take Cuba.

2. To conquer St. Domingo and reduce its inhabitants to Slavery.

3. To unite with Brazil and perform the same conquering and enslaving process on all the other West India Islands.

4. To then enter into an alliance with Brazil for the establishment and fortification of Slavery throughout South and North America.

5. For this object to develop the Amazon country and take possession of the Gulf of Mexico and all the adjacent tropical regions.

6. To reopen the African slave trade.

7. To boldly defend this scheme upon the "most enlarged system of philanthropy."

Are the people of the North—even those who belonging to that portion of the "democracy," which is supposed to acquiesce in the measures of the Administration—are they ready to throw up their caps, and cry out for joy, at the success of the Nebraska Bill, as a part of the scheme of aggression upon Freedom above set forth? Perhaps they are, but we will not believe it without one more trial. That trial will probably soon come, and we shall then learn whether there is yet a North,—or whether our country is to be the one great, powerful supporter of the sin and curse of African Slavery.

FIRE AT BALTIMORE.—Messrs. Loyd & McElderry's lumber yard, on Light street wharf, Baltimore, together with four ware-houses, were destroyed by fire last Monday. Loss $40,000.—Insured for $23,000, of which $10,000 was in the Franklin Company, of Philadelphia, and $10,000 in the Hartford Insurance Company.

"ABOUT SO."—The Madison *Democrat* fully concurs with the Janesville *Gazette* in its unfavorable opinion of the *Sentinel's* politics. The *Wisconsin* joins in the verdict. We must be permitted to condole with our friends of the *Gazette* upon the questionable character of their endorsers, and to congratulate ourselves that the trio have thus unconsciously and we dare swear unintentionally, paid the *Sentinel* the highest compliment in their power.

QUICK TRIP.—The *Daily Pioneer*, of St. Paul, Minnesota, has the following paragraph:

BRISK BUSINESS.—Mr. Luke Marvin, of Third street, made a trip from St. Paul to New York and back, a short time since, *inside of two weeks*, and transacted business while in the latter city to the extent of a half year's sales.

We have never a grey hair in our head, and yet we well remember when merchants from Western New York used to take *three* weeks for their business trips to and from New York. By the time our La Crosse Railroad is completed, merchants from St. Paul will go through to the commercial metropolis in 54 hours!

☞ The New York Tribune of last Saturday says that about one hundred persons have applied for passage in the Pacific, who could not be accommodated for the want of room.

For the Daily Sentinel.

"FISH HOOKS" presents his compliments to "PISCES," and says that he (F. H.) is not so desirous of fame or notoriety as a critic, as to urge himself before the public in a censure based upon hypothesis that the sentence he condemns will bear the construction he puts upon it. He thinks that before one sets himself up as a competent critic, he should first be able to know, for a certainty, what his author meant, or what is the proper meaning of the words employed by him.

As "Pisces" does not profess that knowledge, and contents himself with an "if," he must not be surprised if he should often find himself nibbling at, and ultimately dangling on a *bare* hook.

For his information and satisfaction "Fish Hooks" will avail himself of the occasion to say that in the communication referred to, he meant *exactly* what he said and *nothing else*. F. H.

RAILROAD CELEBRATION.—The people of Madison have appointed committees and made ample arrangements to celebrate the opening of their Railroad communication with Milwaukee. Tuesday is the day appointed, and we hope it may be a joyful inauguration of an event so auspicious to the Capital of our State.

A. A. Bird Esq, "the oldest inhabitant" is to be president of the day.—*Racine Advocate.*

Milwaukee & Watertown Rail Road.

This Company commenced laying the rails upon its track west from its junction with the Milwaukee & Mississippi R. R. near Power's Mill, last Monday, and is pushing forward the work with all possible despatch. Only a very small portion of the grading remains to be done along the whole line to Watertown, and the bridges are *all* completed.

Our Common Council on Thursday evening adopted the report of the select Committee in favor of issuing $75,000 of bonds to this Company, which places it in possession of the means necessary to complete its line to Watertown without delay. We hazard nothing in predicting that this section of railroad, will be, immediately, one of the best pieces of property in the country, returning ample dividends for a wise and judicious investment.

☞ Edward M. Hunter, *late* Senator from Milwaukee, has been appointed by Gov. Barstow, his Private Secretary.—*La Crosse Democrat.*

Mr. HUNTER is *now* "Senator from Milwaukee." He has not resigned and his term does not expire till January next. He holds the office of Private Secretary, created last winter, in violation of the following express provision of the Constitution:

"No member of the Legislature shall, during the term for which he was elected, be appointed or elected to any civil office in the State, which shall have been created, on the emoluments of which shall have been increased, during the term for which he was elected."

LEAD.—At Whitewater the Rail Road is cut through rock which is identical with the Lead-bearing rock in the western counties of the State, but it here, unfortunately, contains no lead. This shows that metal is not a part of the formation, but has been introduced by extraneous causes, and so far as this argument goes, it is in favor of the opinion held by Mr. Daniels, State Geologist, that the Lead of these western counties exists in true veins, and therefore far more valuable as mines than has generally been supposed.

BURGLARY.—A correspondent writes us that the gang of burglars which has been so often noticed lately, made a descent in Palmyra, Jeff. Co., on Wednesday night, broke into several places of business, and carried away property to the amount of several hundreds of dollars.

The store of L. E. Jones was entered and robbed of about $300 in money and jewelry, the money drawers being taken out into an adjacent garden. The store of L. Clemens was entered, but nothing of any amount taken. The robbers made an attempt to enter the store of G. H. Foster, but did not accomplish it. From the wagon shop of J. Clifton, they took a brace and sett of bitts to aid them in their operations in future.

Our correspondent says that a suspicious looking stranger was hanging about the streets the day previous, and he is supposed to know more about the matter than any honest man ought to.

A Yankee Joke in the Baltic.

The following story is told in a letter from an officer in the Baltic fleet, dated the 18th of April:

"One morning, a few days since, we saw a large vessel, 8 or 10 miles ahead, which we fully believed to be a Russian man-of-war, as she made all sail to get away, and showed no colours.

As we rapidly came up with her she took in sail until she was under reefed topsails (fighting trim;) so we beat to quarters, and the pipe sounded loudly, "Hands, bring the ship into action!" For some three minutes everything was bustle, casting the guns loose, clearing the decks, &c. Five minutes more, and every gun was shotted and primed, and the men standing with the matchlines in their hands, waiting for the word to fire.

Just as we got within good distance, the blackguard ran up American colors, and coolly told us he would have hoisted them sooner, but he wanted to see how smart we would clear for action! If our tars did not bless him to the wrong side of heaven never believe me!"

"*The Star that never Sets.*"—The Rutland (Vt.) *Herald* makes the following assertions with regard to the State in which it is published:—"There is but one city in the State and not one soldier. We have no theatres nor mobs. We have no police, *and not a murder has been committed within this State for the last ten years.* We have no museums, opera houses, nor crystal palaces, but we have homes that are the centre of the world to its inmates, for which the father works, votes, and talks—where the mother controls, educates, labors, and loves—where she rears men, scholars and patriots."

BARQUE GREAT WEST.—This vessel, the largest says the Buffalo *Express*, ever built for the inland waters, was launched at Buffalo on Wednesday last. She was built by Mr. G. S. Weeks for H. C. WALKER & Co., of Buffalo, and is 800 tons burthen.

FIREMEN'S VISIT.—Lafayette Engine Co. No. 4, of Detroit, intend making an excursion to Chicago, during the month of June. Engine Co. 2, of Kenosha, propose to visit Chicago about the same time. We should like to have *our* Number Two join the party, with their Milwaukee built Engine, to try comparisons with their Detroit, Kenosha and Chicago brethren.

FIRE.—A fire broke out about 11 o'clock last night, in the building occupied as a Blacksmith shop, Wagon shop &c., near Dickeys foundry, on the West side of the river. The building was entirely destroyed, and the one adjoining, a dwelling house, badly scorched. Loss not known.—*Racine Advocate*—Thursday.

THE GALE YESTERDAY.—Captain Watts, of the propeller *Edith*, reported a schooner capsized, and a schooner with sails carried away, at the mouth of the river yesterday. The names of the vessels could not be ascertained.—*Detroit Inquirer Thursday.*

THE CALAMINE RAILROAD.—Our readers will recollect a Railroad Co. by this name, chartered during the past winter, providing for a route which nobody could describe, but which was to extend from some point on the Mineral Point R. R. to some point on the Mississippi. MOSES M. STRONG seemed to have charge of it at Madison.—The following is the last intelligence relative to this charter and company,—we find it in the Grant Co. *Herald*:

The *Calamine* Railroad, chartered last winter intersecting the Mineral Point road near Black Jack, and to extend to the Wisconsin river near Muscoda, was blown up a few days ago, at Shullsburgh,—great noise and confusion but no lives lost.

The *enemies* of the road subscribed a majority of the stock, paid their five per cent., and thereby got possession of the charter. Mose never saw through it till after the explosion.

MURDER IN CHICAGO.—A colored man named Harrison Freeman, was arrested in Chicago on Tuesday last, charged with the murder of his wife, who was a white woman. Her body was found in the house which they occupied, with numerous marks of violence on her person. The Coroner's jury found a verdict of death from violence at the hands of her husband, whereupon Freeman was committed to jail. The woman's name, prior to her marriage, was Mary Ann Logan.

☞ All very well to get New York papers at Detroit in 24 hours; but what is the reason that we cannot get Detroit papers here in Milwaukee in less than three days, or two days at the least, when passengers come through in one day?—*Milwaukee Sentinel.*

We are assured, and we believe truly, that the fault is not in the Detroit office. Either the Detroit papers are delayed in Chicago or they are not promptly distributed at the Milwaukee office.—*Detroit Tribune.*

They *are* "promptly distributed here," as we can testify from personal observation. The cause of the delay is elsewhere. What it is, or where it is, we know not; but this we know, that the Detroit papers are just *twenty-four hours* longer in reaching Milwaukee than they should be. For instance, the *Tribune* of Tuesday afternoon, does not reach us till Thursday afternoon; whereas it ought to be here by Wednesday. So too, the morning papers of one day should reach here by the next afternoon; but they don't come to hand till the second day after publication.

COLUMBIA COUNTY BANK.—We saw yesterday some of the issues of this new Bank. They are neatly executed and of tasteful design. The Bank is located at Portage City; Capital $25,000; bills secured by pledge of public stocks; SAMUEL MARSHALL, President, H. S. HASKELL, Cashier.

FLOURING MILL BURNT.—The Imlay Mills, a large flouring establishment at Hartford, was entirely destroyed by fire on Sunday last. Loss $30,000—insurance for $25,000.

RACE IN VIRGINIA.—A great race occurred at Petersburgh, Virginia, on Friday last, which was run in the fastest time ever made in Virginia.—The heats were two miles, and the time was 3 min. 46 sec., and 3 min. 43 sec. The competitors were Fanny Fern, One Eyed, Joe, Ellen Evans and Margrove. The first named was the winner.

JOKING.—The latest and best joke of the season is contained in the following paragraph from the Madison *Democrat*:

The *Journal* is severely exercised because the Marquette county bill failed to receive the Governor's signature, in the midst of the hurry and excitement at the close of the session.

That *is* good! The bill never stood a ghost of a chance of becoming a law, after it reached the Governor.

The Madison *Journal* says, with reference to this and another bill to which we have heretofore referred:

There is another interesting fact to be taken into consideration. A few days before the *suppression* (we will not use the Saxon word) of this act, a bill passed the Assembly making it a felony, punishable with fine and imprisonment to mutilate, suppress, or alter bills while pending, or after their transmission to the Governor's room.—The Valley Road and Barstow influence was so strong about the capitol that the Legislature found such a measure actually necessary for their protection—a fine commentary upon the manner in which our public affairs are conducted under the new administration! It passed the Assembly by a large vote but was either stolen in the Senate, or suppressed in some manner, so that it never appeared upon its final passage. Would it be unfair to infer that the Governor, premeditating the pocketing of the Marquette county bill and naturally indisposed to having the transaction made a felony, procured his friends in the "Rotten Row," as a portion of the late Senate have been termed, to dispose of that measure in the manner we have stated? Such an inference naturally suggests itself upon a knowledge of the facts. But it is enough to know, beyond a charitable doubt, that he pocketed an act of the Legislature from purely personal and selfish motives.

LUMBER FROM THE PUBLIC LANDS AND TIMBER AGENCIES.—This subject is one of great interest to the people of a large section of this State, and is awakening considerable attention. The Commissioner of the General Land Office has issued two circulars of instructions, directing the Agents to seize and hold every lot of timber afloat on the rivers, or at the mills; and forbidding them under any "circumstances, to compound or compromise with any trespassers, or receive any pay or compensation from them, as acquital or discharge; or to give any permission to cut timber or otherwise trespass on the public lands."

A correspondent of the *Pinery*, asserts that this order has been violated by the Agent at every visit made to that section of country, for the past season.

An excited state of feeling seems to have been aroused upon the subject, and even violence is feared. The Lumbermen regard the Agents with hostile sentiments, and they are not a class likely to submit in perfect peace to what they deem an infraction of their rights.

We learn that on the 4th instant, a Deputy Agent was shot dead, by the owners of a raft of which he was attempting to take possession, on the Mississippi river, near Dubuque.

Many such fatal events cannot fail to take place, unless something is done by the Government that will be satisfactory, and open the way for a peaceable arrangement.—*Madison Dem.*

THE GERMANS ON LAND GRANTS.—The great body of the German population of this State are opposed to land grants to Railroad companies.—The Milwaukee *Banner* had an excellent article recently showing the disastrous results which must surely follow such grants. We intended to translate the article for the benefit of our neighbor down street, but the paper containing it has been mislaid. The writer spoke of the effect such grants would have in retarding the settlement of the State and driving German immigrants to seek cheaper lands further west; and declared they would not only be the ruin of Wisconsin, but ultimately of the railroads themselves.—*Madison Journal.*

IMPORTANT IMPROVEMENTS.—We learn that David Smart, Esq., has leased his valuable block on Jefferson and Woodward Avenue, and Larned street, to Mr. Waterman, of Milwaukee, for a term of forty years, at $8000 a year, clear of taxes, and subject to a renewal of forty years longer at five per cent, upon its valuation at that time, or the *representatives* or *heirs* of the lessor to take the improvements at their appraisal. This is a very valuable lease for Mr. Waterman. The location is not surpassed in value by any other in the whole city. The land leased, fronts 100 feet on Jefferson Avenue, 200 feet along Woodward Avenue, and 100 feet on Larned street. That portion burnt down on the 10th of January last, is to be immediately improved by the erection of a magnificent block of buildings. As soon as the present lease expires, the remaining buildings will be removed, and a splendid new block will take their place in May, 1859. There are already a large number of applicants for "a place" in the new buildings about to be erected, by some of the largest houses in the city. It is probable that one or more banks will be among the occupants of the block to be first erected, and still more, when the balance is improved.—*Detroit Advertiser.*

PAROLE INSURANCE.—An insurance case has been determined in the Supreme Court of this city and county, which settles the principle of the validity of parole contracts, voluntarily assumed by Fire Insurance Companies or their agents. The Baptist Church of Brooklyn held a policy for one year with the Brooklyn Fire Insurance Company, regularly renewed for several years, and by a verbal understanding with an officer of the Company, it was to be renewed every year, without notice, and the Treasurer or Trustee of the Church, who was always to be found in Wall street, agreed to pay the premium when called upon. At the time of the great Brooklyn fire of 1848, the renewal had been neglected at the office for some weeks, and no renewal receipt sent to the Truster. The church was destroyed and now the Court holds that the parole arrangement to renew, binds the Company as fully as if the receipt had actually been passed.—*N. Y. Tribune.*

FILLIBUSTERING ETHICS.

Says Captain Robb to Farmer Cobb,
"Your farm is very fine, sir;
Please give me up your title-deeds,
I claim it all as mine, sir."
"Pray how can it be thine?" says Cobb;
"I'm sure I never sold it:
'Twas left me by my father, sir;
I only ought to hold it."

"Nay, Cobb, the 'march of destiny'—
'Tis strange you don't perceive it—
Is sure to make it mine some day,
I solemnly believe it."
"But have you not already got
More land than you can till, sir!
More rocks than you can ever blast?
More weeds than you can kill, sir?"

"Aye, Cobb; but something whispers me—
A sort of inspiration—
That I've a *right* to every farm,
Not under cultivation.
I'm of the Anglo-Saxon race,
A people known to fame, sir?
But you—what right have you to land?
Who ever heard your name, sir?

"I deem you, Cobb, a lazy lout,
Poor, trodden down, and blind, sir;
And if I take your useless land,
You ought to think it kind, sir!
And with my scientific skill,
I set it down as true, sir,
That I can gather from the farm
Full twice as much as you, sir.

"To be explicit: 'Tis an age
Of freedom and progression;
No longer, dog-in manger like,
Can you retain possession.
The farm you long since forfeited,
Because you failed to till it;
To me it clearly now belongs,
Simply because—*I will it.*

"My logic if you disapprove,
Or fail of comprehending,
Or do not feel convinced that I
Your welfare am attending,
I've plenty more of arguments
To which I can resort sir!
Six shooters, rifles, bowie-knives,
Will indicate the sort, sir.

"So prithee, Cobb, take my advice;
Make over your domains, sir;
Or, sure as I am Captain Robb,
Will I blow out your brains, sir!"
Poor Cobb can only grind his teeth
And grumble protestations
That *might* should be the rule of *right*
Among *enlightened nations.*

Fine Stock in Walworth County.

MESSRS. EDITORS:—As I have frequently seen noticed in your paper sales of stock &c., I will say that Messrs. E. H. Ball & Co. of this place, have sold within the past weeks three full blood Durham bull calves one year old at $100 each.—The purchasers were N. McDuffey of this place, O. Humphrey of Sugar Creek and A. M. Perry of Troy Centre. The calves were raised by E. H. B. & Co. at their farm connected with their mills at Troy Lakes. They design stocking their farm containing about one thousand acres, with full blood stock, and now have one full blood Durham Bull and seven full blood Durham cows, all imported from Livingston Co. N. Y. As they feel an interest in encouraging the raising of full blood stock in our State, they invite all interested to call and examine their stock, and will probably exhibit a portion of the same at our next state fair. Yours &c. A. B.

The Night Session of Thursday and Friday.

Correspondence of the N. Y. Tribune.

Saturday Morning, May 13.

The telegraph will tell you of the row in the House, but you can have no idea of the scene as it occurred. Douglas was in the House directing his followers, and with the exception of a few hours, was there all the time during the struggle. They charge him with counseling revolution and violence in order to accomplish his purpose. It is charged that he attempted to tamper with the Speaker, and to get him to override the rules, but the Speaker repelled his suggestions. Then it is charged that he tried to get up a plan for overruling the Speaker's decisions, which plan failed! It is further charged that the Nebraska men have avowed their purpose in due time, "to take the "rules into their own hands, and take the responsibility and pass the bill *any how.*"

There is no doubt that Edmundson was put forward to begin a fight, and that Douglas was cognizant of it. He, Edmundson, had in the course of the evening tried to get up a quarrel with Wentworth of Illinois, and with Sage of New York. Campbell of Ohio was making some remarks in reply to Stephens. Edmundson, armed to the teeth, and under the influence of liquor, came up and demanded what right he had to declare his course of action—that if he, Campbell, wanted to make any further opposition to the bill, he was the man who would meet him personally. Campbell indignantly repelled his interference, when Edmundson began to unbutton his vest, for the purpose, it is supposed, of getting out his bowie-knife; when Campbell, who was unarmed threw his arms behind him, and defied him to lay his finger upon him. At this juncture an immense crowd had rushed to the scene, and several persons had got between the two, and immediately the Sergeant-at-Arms rushed up with his mace.—Had Edmundson laid the weight of a feather upon Campbell the result would have been deplorable. A general fight would have ensued, and Heaven knows with what results. No man could have displayed more nerve and cool determination than Mr. Campbell did on the occasion.

The Affair of the Fury.

From the Malta Mail of April 2.

On the 10th inst. H. M. S. *Fury* left the fleet at Baldchik, on a cruise, unaccompanied by a French steamer. On the afternoon of the 11th, the western coast of the Crimea was distinctly visible and in order not to be seen or discovered to soon, she stood off from it. During the night, and in the early part of the morning, she gradually edged in to the shore, but the brilliancy of the moon was a great drawback to her plans. On the 12th, at half-past three o'clock A. M., she steamed ahead at full speed, and at half past five came in sight of Sebastopol. By this time the sun had risen, and the morning was unclouded, so that objects at a long distance were visible.

Two merchant vessels were seen coming out of port, with the Russian ensign flying, one of which the *Fury*, carrying a splendid breeze with her, rapidly neared. The *Fury* passed her, and took a survey of the harbor, at a distance of two and a half miles. Two brigs of war were under weigh, and the two frigates stationed at the mouth of the harbor were crossing gallant and royal yards.

The *Fury*, at six A. M., changed her course, hoisted Austrian colors, and bore down on the merchant ship; an hour after took the crew on board, six in number, and made the ship fast by a hawser; she towed the schooner off at full speed. The two brigs, followed by the frigates, were then seen to leave the harbor under all plain sail, and a steamer getting up steam.—Wind W. by S.—force five to six, the most favorable that could blow for them at 7.35.

It was now clear that the frigates were rapidly nearing, the *Fury* being three miles or more to leeward. Immediately the fore and aft sails were set, the prize cut adrift, and the steamer brought to its highest pressure, so that she absolutely flew to wind-ward. Still the frigates seemed to be gaining ground, and the position of the *Fury* became highly dangerous, as now two miles were the most that separated the enemies. Tuns of water were started, all except two days requirements, which was a considerable assistance.

At 8.30 one of the frigates dropped, and the two brigs; but still the other kept in the wind's eye. At 8.54 the windward frigate and the *Fury* came so close as to be almost in range of the long guns of the latter, when the word "open fire" was given. Immediately steady aim was taken; the sternmost gun fired, and dropped the shell, a yard distant from her lee bow, which seemed to many to have struck her.

She immediately replied by firing two, but the shot did not reach half way: and hoisted the Russian ensign at her main, which was responded to by reloading with rapidity, and again firing. The shot still fell a little short, and more to leeward, and again she fired four guns at the *Fury*, and another ensign was run up to the fore, for which she received another shell, but still fell shorter, as the *Fury* was rapidly, and at every moment, increasing the distance. Having thus gone to windward of her, but still out of range of her guns, the idea was entertained of engaging them with long guns; but at this time the steamer was rapidly advancing, which would tend to distract attention from them, so that it was considered more prudent to remain content with taking a merchant vessel and six of their countrymen prisoners, from beneath their fortifications, as the distance at that time was but a mile and a half at most. When the *Fury* went alongside the schooner she hauled down the Austrian colors and hoisted the English ensign, which seemed to startle them a little in the harbor—so to judge by their rapid movements.

The rage of the Russians must have been great, as they seemed sure of catching the *Fury*; and the hoisting of three ensigns was an angry attempt to challenge a steamer of six guns to engage a frigate of forty, and she to windward; but they may thank the appearance of the steamer, or they would not have returned uninjured.

On the 13th, forenoon, two strange steamers were reported as being seen in the north-east direction, and the *Inflexible* was ordered to get up steam; but they soon disappeared.

GREAT WESTERN RAILROAD.—The passenger trains over the Great Western Railway, are now running with great regularity and fully up to time. Passengers are hurried through in the most expeditious manner. We hear also that the arrangement by which Station Masters have heretofore had the control of trains while at their respective stations, is abolished, and the whole responsibility of the management given over to the Conductor.—*Detroit Tribune.*

☞ The steamer *Baltic*, Capt. Averill, arrived this morning from Cleveland, with a full cargo. It will be remembered that this is the steamer which is now running upon a new principle—namely, side screws. So far, it has worked entirely satisfactory, making better time than was at first anticipated, and, as soon as some parts of the machinery are better and completely arranged, the boat will be put at her best pace, in order to demonstrate to the public, what is now clear to the projectors, that the plan is feasible and superior.—*Buffalo Commercial.*

HENRY NIEDECKEN,

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—*New York Dutchman, Jan. 14th.*

Holloway's Pills, the Best Remedy for the Cure of Dropsy—Extract of a letter from Mr. P. Williams, dated Melford, March 1, 1852.—"To Professor Holloway,—Sir,—Feeling grateful for the benefit my wife has derived by the use of your Pills, I consider it my duty to inform you of it. Soon after the birth of her last child, her feet and ancles began to swell, and afterwards her whole body, strongly indicating dropsy, this occurred at the turn of life. I obtained the best medical advice but her health continued to decline. I then tried your Pills, which I am happy to say have restored her to sound and perfect health."

☞ The best evidence that can be adduced in favor of the efficaciousness of Hoofland's German Bitters, prepared by Dr. C. M. Jackson is the unprecedented demand for them from all parts of the Union; and although there may be many compounds prepared and represented as being worthy of a liberal patronage, yet we feel constrained to remark that the vast number of testimonials with which the worthy doctor has been honored, by persons of the highest character and respectability, who found it necessary to have course to his preparation, is testimony sufficiently conclusive, that a more effectual remedy for the almost immediate relief of those afflicted with that direful malady, dyspepsia, has never been discovered.

Perfectly Disappointed.

WE had until of late considered the days for selling and of course for buying Patent Medicines past, and that the new era in Medicine must greet the world's favored inhabitants. But we give it up. Dr. A. L. Adams' Liver Balsam is talked of more, used more and creating greater sensation than any other Compound before the public, and should not this be the case? It is positively producing more cures than any other Medicine now extant. It is an ostensible fact that this Medicine is as good for what it claims as a Warrantee—and we are yet to learn of the first failure in what it claims to do. We pledge ourselves that there is no humbug about it. See the testimonials in this paper.

LAST NIGHT OF THE PEAK FAMILY.—The success which has attended the Concerts of the Peak Family and a very generally expressed wish to hear them again, has induced these popular Vocalists and Bell Ringers, to give one more and positively their last Entertainment at Young's Hall *this* evening. They will offer an attractive programme and deserve a crowded house.

CIRCUIT COURT—May 19.

JUDGE HUBBELL PRESIDING.

William W. Merrihew vs. The Milwaukee and Mississippi Rail Road Company.—Action of Trespass; Jury trial, second day. Cause in progress. A. Finch for defendants, J. E. Arnold for plaintiff.

The Jury after consulting a short time, brought in a verdict of Not Guilty. We shall publish a report to-morrow of this case.

POLICE COURT, MAY 19th.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE

John Doe, alias, paid a fine for violating the wood ordinance. The woman named Catharine Ryan who was sentenced to jail a few days ago for being drunk and disorderly in the streets, was arrested again this morning and put in jail by constable Kessler for being drunk again and disturbing the peace.

WOMEN'S RIGHTS.—There's been a terrible muss among the women lately in the Police Court, scarcely a day passes, but women are up for some offense. Yesterday the scene was somewhat changed. Three women entered the Police Court and wanted to obtain redress against their landlord, whom they stated came there day and night, abusing them, slandering them and calling them all sorts of names "that he could lay his tongue to." The speaker of the committee stated they had paid the rent, and did'nt want to be abused; that the other lady was a widow and unable to get her rights. The court advised them to apply to the County, or Circuit Court, to sue him for slander; that he had no jurisdiction in the matter. The speaker. "Well that's strange, If I was in Ohio as I was two weeks ago, I could fix out such a man as that, so quick there'd be no fun in it.— The other lady wanted to scald him, I told her no, women could get their rights without that."— An old lady who stood back said: Why you know him, squire, "its old Jones, I'd give him a good licking if it was left to me." The other who spoke for the first time: "I'd put him down in the cellar, and keep him there." All the ladies: "Well if the law won't prevent our being slandered and abused, we'll have to take it in our hands I thats all." They left the court thanking the court for his advice, and muttering a few blessings on Old Jones.

A warrant was issued against Mr. Ewen (alias) charged by John Lass with having committed assault and battery upon him, a short time before.

New Publications.

TWO ERAS OF FRANCE, or True Stories from History, by MRS DE NORMAND; WANZER, BEARDSLEY & Co. Publishers, Rochester N. Y.

We are indebted to the publishers, through ARNOLD and WILSON, booksellers of this city, for a copy of this late publication. The two periods selected for the narrative are those of the Massacre of St. Bartholomew, and the Revolution of 1789, certainly the most interesting, in all their tragic details of all the long course of French History. The second period includes the story of the Royal Family in prison, and the author adopts the theory that Rev. Mr. WILLIAMS is the veritable dauphin, prefacing the book with a very goodlooking portrait of that personage. The book is got up in a very neat style.

"PEARL FISHING"—Choice stories from Dicken's Household Words; WANZER and BEARDSLEY, publishers, Rochester, N. Y.

We have also received a copy of the above named book from Messrs. ARNOLD and WILSON. Those who have read occasional numbers of the Household Words, but do not possess the series, will be pleased at the opportunity offered to them of obtaining a a collection of the delightful stories therein published from time to time. The volume before us contains the following articles:

Loaded Dice; The Serf of Pobereze; Adventures in Switzerland; Lizzie Leigh; Modern officer's Progress; Father and Son; The Miner's Daughter; The Ghost of the late Mr. J. Barber; and a Tale of the Good Old Times.

MAIL ROBBERY.—A young man, by the name of John Drake, in the employ of the Mail Contractor on the route between Elkhorn and Geneva, was brought to this city, Wednesday evening, by Deputy Marshall Outman, charged with robbing the U. S. mail. Upon the examination before U. S. Commissioner Smith, the prisoner confessed that he had opened several letters and taken money therefrom. He was held to answer in the sum of $2000, and in default of bail committed to await trial.

FAST TIME.—The new and handsome clipper schooner FRED HILL, built this season by Capt. JONES for WELLS & HILL, which left this port for Buffalo on the 1st of May, with a cargo of 1292 bbls provisions and 4500 bushels of barley, arrived yesterday morning from Buffalo, thus making the round trip in 18 days, which we understand is the quickest on record save one.— Captain DAVIS, who commands her, is proud of his fine craft, and has reason to be. He reports the Schrs. SAM HALE and DEWITT in the St. Clair river, bound up, but was lucky enough to get towed up before them.

U. S. REVENUE STEAMER.—The U. S. Steamer MICHIGAN came into port yesterday afternoon, and was moored near the Mich. Central R. R. dock.

"HONESTY ITS OWN REWARD.—The well-known apple pedlar, *Little Jimmy*, sold two apples to a man on the mail boat, a day or two since, and received as pay what he took to be two cts. A few moments afterwards, in making change, Jemmy discovered that one of the supposed cents was a ten dollar gold piece. Straightway he proceeded to look up his customer and after a long search, by the help of the clerk of the boat found him. On being asked if he usually gave $10 gold pieces for cents, the man said no, and coolly handed Jimmy another *cent*, in exchange for his recovered ten dollars.

The Steamer *Arctic*, Capt. BUTLIN, arrived from Chicago, yesterday afternoon, with nearly *five hundred* passengers, and a large amount of freight and luggage.

REAL ESTATE SALE.—We hear of the sale of Lots 2, 3, 6 and 7, in Block 61, and lots 15 and 16, in Block 62, fourth Ward, by WILLIAM A PRENTISS, Agent, for $6000.

Meeting of the Common Council.

A regular meeting of the Council was held, Thursday evening, Ald. HADLEY presiding in the absence of the Mayor. Sundry accounts, petitions &c., were presented, among the latter one from the La Crosse and Milwaukee R. R. Company, asking the city to take 1,162 tons of iron, instead of farm mortgages, on security for bonds. Referred to a select Committee.

Ald Mallory, from Bridge Committee, reported in favor of remitting fines imposed on three Norwegians for driving across Spring St. Bridge, faster than a walk. Adopted.

Ald. Hadley, from Committee, to whom was referred the communication of the Milwaukee and Watertown R. R. Company, asking for $75,000 of city bonds, reported in *favor* thereof and of the sufficiency of the security offered—which report was *unanimously* adopted.

The amount of $146,72 was allowed to S. C. West, for services as clerk to the Board last year.

The ordinance for the issue of $50,000 in City bonds, to pay for making the Straight Cut, was taken up and passed. The accounts of Schoeffler, Wert and S. M. Booth, for Printing for the city in 1852, were referred to a select Committee.

Some other business was transacted and the Council adjourned till Monday evening next.

APRIL SHOWERS.—We had a succession, yesterday, of sunshine and showers, smiles and tears, rather trying to out-door business, but magical in its influence upon vegitation. Our whole State is now carpeted with the thickest and richest verdure.

COLLISION.—As the brig *Ferguson* was being towed yesterday afternoon from Higby's to Newhall's warehouse, the tug being on the leeward side, a squall of wind from the west struck her, suddenly, and carried both vessels down against Walker's Pt. Bridge, the tug being nearly lost out of sight between the brig and bridge. No damage done of any consequence, but a good deal of delay in getting the bridge closed again, it having been thrown partly open by the collision.

The new schooner *Caleb Harrison*, built near the Oneida St. Bridge, went down the river yesterday morning, and lay at Norris' ship-chandlery establishment to receive her suit of sails. She is not as handsome a vessel as some that have been built here, but is good and strong, will carry a large cargo, and will doubtless be a serviceable vessel and earn a mint of money for her owner.

NOTICE. On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated. HORACE CHASE. Lake, Wis., Oct. 6, 1853. feb10d&wtf

Ohio Tax Law Unconstitutional.

CLEVELAND, May, 19.

CLEVELAND OFFICE.

Arrival of the EUROPA.

Three Days Later from the War!!

Reported for the Sentinel.

New York, May 19.

Europa arrived to day, with Liverpool dates to May 6th.

Combined Fleets are said to have bombarded Forts at mouth of Danube. A Polish Legion has been raised in Turkey. Russian Fleet said to have left Sebastopol. Prince Napoleon has arrived at Syra. Austrian troops will enter Lesser Wallachia.

France has called into service 80,000 troops. The loss of the Allies at the bombardment of Odessa was only six. The Turks have captured principal fort of Greek Insurrectionists—the latter lost 150 killed.

Russians defeated in an encounter near Siberia. Turks made a gallant attack on Russians, but were compelled to retire in consequence of overwhelming numbers.

Bombardment of Odessa officially announced in Parliament. Reported that American clipper *Grapeshot* had turned Privateer and captured French Merchantmen off Land's End.

Omar Pasha had advanced 17,000 men towards the Dobrudscha, and a battle ensued. No fighting yet on Baltic—All Russian ports strictly blockaded.

A debate took place in the House of Commons on the 4th inst relative to Cuba and Slavery. Lord John Russell replied that recent assurances of Spanish Government, as to existing treaties on the subject, were satisfactory.

The following is the story about the Privateer. A sailor, representing himself as second mate of the French Brig *Ville de Marseilles*, called on the Agent at—Cornwall, with the report that he had swum ashore from a Russian Frigate, which had captured his vessel, 20 miles from land; that the captain and three of the crew were killed; that the frigate first hoisted English and afterwards French colors; and had gone up the Channel.

The Admiralty sent two Steamers immediately in search of reported Frigate, and great excitement was caused the next day by a paragraph in the London papers stating, that news had reached the Admiralty that an American Clipper Ship, the *Grape Shot*, had captured a French Merchant vessel off Land's End; adding that the *Grapeshot* cleared from N. Y. March 22nd for St Thomas, with packages ostensibly of hardware but really containing muskets. This explained the story of Russian Frigate.

LIVERPOOL MARKETS.—Gardiner & Co. report Beef favorable, prices steady, prices low—more inquiry for Pork. Large arrivals of Bacon, 1sa 2s lower. Lard heavy.

Breadstuffs—Good demand for Wheat and Flour with very large imports. Indian Corn, arrivals in excess and sells heavily. Flour is reported at 6da1s lower per barrel, and Wheat unchanged, Corn 2s lower. Market for all articles rising steadily.

Denniston & Co. quote Western Canal 36s@37s 6d—Baltimore and Philadelphia 38s 6d@39d— Ohio 37s@38s—U. S. white wheat 11s 6d@12s 4d, Red do 10s 6d@11s 6d, White Corn 36s@38s, Yellow 37s@28s—Richardson & Co. quote Ohio flour at 38s@38s 6d, Corn 37s@38s—Holders refuse lower terms.

PARIS—Saturday.—Napier is anchored off Stockholm. Ice breaking up and Cronstadt was expected to be open by end of April.

The Greek Ports are rigidly watched by French and English ships of war. Pirates are swarming in Archipelago. An English brig had drifted ashore on the island of Andros—no one on board —cabin drenched with blood.

On the 19th hostilities commenced between Turks and Montenegrins. It was reported that Austrians would occupy provinces.

NEW YORK, May 19.

Steamship *Crescent City* from N. O. and Havana, arrived this morning. Reports a British Brig of war, and a French Squadron, consisting of 1 Frigate, 2 Sloops of war, 1 Brig, and 1 Steamer going into Havana.

NEW YORK, May 17—2 P. M.

The Cunard steamer *Africa* sailed at 12 M. today. She takes out 157 passengers and $388,-994 in specie.

A movement is started in the city, in accordance with which the churches of all denominations are to observe Friday, May 26, as a day of fasting and praying, in view of the political evils which now threaten the nation.

Advices from Havana state that there are 10,-000 additional troops on their way from Spain to reinforce the island.

Doings in Congress.

Washington, May 16.

HOUSE.—Mr. Hunt, of Louisiana, rose to make a personal explanation, which was to the effect that the report in the House proceedings, published in the *Globe* yesterday afternoon, in reference to the difficulty between himself and Mr. Craige, of North Carolina, was untrue, but that all the other papers contained a correct account of the same.

In the midst of the excitement Mr. Hunt again jumped upon his feet, and stated that he yesterday branded his opponent's remarks as "false," and he branded them so still.

The excitement here became very great, and it was with the utmost difficulty that order could be restored.

Mr. Craige, in reply to Mr. Hunt, said that he (Hunt) had got himself into a scrape, and he was now trying to sneak out of it.

Mr. Maxwell, of Florida, commenced a speech in support of the Nebraska bill.

Later from Mexico.

N. Orleans, 18.

Alvarez has succeeded by movements in placing himself between Santa Anna and the Capital, thus cutting off all supplies.

The army of Santa Anna was reduced to a deplorable state of want.

A Vermonter once expressed his opinion of a person in the following style of classics: "I could take," said he, "the little end of nothing, whittled it down to a point, punch out the pith of a horsehair, and put in forty such souls as his, shake them up and *they'd rattle!*"

St. Paul is indebted to the Packet Captains for her six mails per week—the Department only authorizing three. Hurrah for the *Ben Campbell* line, and bad luck to *Jim* Campbell's slow coaches! —*Minnesota Pioneer.*

CROPS.—It is universally the word of farmers in this section, that they have never seen winter crops look so promising as at present. The spring is very forward and the weather is exceedingly favorable.—*La Crosse Democrat.*

The "oldest inhabitant" has never seen the equal of emigration to the Upper Mississippi this season. We have from one to three boats daily, and they are crowded with passengers, and generally have a barge or two in tow loaded with freight.—*La Crosse Democrat.*

STRAWBERRIES. We saw a telegraph from Cincinnati, this morning stating that a large quantity of Strawberries would arrive by this evening's train, for Messrs F. M. & A. C. Jackson, of this city.— *Cleveland Herald, May 16.*

TRACK LAYING.—The track laying on the Kenosha and Beloit Road, we understand, has been let to a highly responsible and efficient track layer, Mr. Apguard.—*Kenosha Tel.*

WEDDELL HOUSE, Cleveland, April 10, 1854. We have had one of Kidder's Patent Gas Regulators in use for over two months, and as the best evidence of our complete satisfaction, we give below an abstract of our Gas Bills for the past three months:

All the above difference should not be attributed to the use of the Regulator, but we are confident that *it has diminished our Gas Bills from twenty-five to thirty-three per cent*, and at the same time afforded us a clear and steady light at a uniform pressure, independent of the number of burners in use. THE

BUFFALO EAGLE IRON WORKS CO.

Propose to pay Particular attention to

Architectural Iron Work,

WE are prepared to Manufacture IRON FRONTS for Stores and Public Buildings, with the

Patent Fire Proof Rolling Shutters.

These Shutters are the same that are now so generally used in New York, and may be put in any Window, Small or Large, and if arranged before erection of the building, may be used without in the least affecting the style of Architecture. They make the only perfect Fire Proof Shutters, and do not appear to the eye when rolled up.

When desired we will furnish the Plan for Store Fronts, (with or without the Patent Shutter,) with estimate for the Cost of the work finished ready for delivery. To our Western friends we think this arrangement will be desirable, for they thus are enabled to know without experiment what the Front is to be, and what it is to cost.

When the Patent Shutters are used we will furnish a man to superintend the erection of the Iron Front and the setting of the Shutter.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

PATENT MEDICINES.

Caution!

To Those Who Use Spirituous Liquors Either as a Beverage or Medicine!

WOLFE'S
Schiedam Aromatic Schnapps.

THE ABOVE NAMED PREPARATION has become extensively known throughout the length and breadth of the United States and is universally admitted to be the most delightful, healthful, invigorating, and pure preparation of the juniper berry, that science and a long practice in the distillation and preparation of pure liquors have ever succeeded in producing.

A long-established manufacturer and importer of liquors of every description, the undersigned devoted himself to the production of an article of pure gin, which should prove a valuable agent in the cure of the manifold diseases which afflict the human race, and for which Holland gin has been prescribed by the medical faculty for years. At length his efforts were crowned with success, at his extensive distillery in Schiedam, Holland, from which place the purest gin has long been imported, and he was enabled to give to the world his Schnapps, which, for purity and entire freedom from the pernicious fusel oil and all other noxious ingredients, and delightful aromatic flavor, has never been equalled, and cannot be excelled.

In order to protect himself from pecuniary loss at the hands of cheats, impostors, and pirates, who would unquestionably attempt to palm off a vile and spurious article upon the unsuspecting community, and, like the wolf in sheep's clothing, prey upon their very vitals, he resorted to the expedient of importing and selling his Schnapps only in pint and quart bottles.

These bottles are of glass, stamped with the name of the manufacturer; are corked and sealed, and have printed labels bearing the signature of Udolpho Wolfe upon them. They are enclosed in colored wrappers, also bearing his signature, in which form alone they can be obtained in cases, containing two dozen bottles each.

Notwithstanding all these guards, unprincipled parties have been found guilty of the unwarrantable and criminal practice of buying up empty bottles, filling them with vile common gin, which is the most pernicious poison with which a community was ever cursed, and sends thousands to a wretched drunkard's grave yearly.

It is only necessary, therefore, for those who purchase the article by retail, or drink it at public places, to mark well the appearance of the bottles from which they drink. Caution is necessary.

The Schnapps have been introduced but about two years but in that brief time their virtues have been acknowledged to an almost incredible extent, until it is a matter of some difficulty to keep up a supply adequate to the demand, so fast are orders pouring in from every State and Territory in the Union, from Maine to Oregon and California.

Determined that the virtues of the Schnapps should be thoroughly substantiated by the most undeniable and unquestionable testimonials, circulars were dispatched to every regular member of the medical faculty, and professional chemist whose name could be obtained, soliciting their acceptance of a bottle of the Schnapps, with a view of enabling them to test its medicinal qualities in their practice, and submit it to the strictest chemical analysis in their laboratories.

Of the ten thousand physicians and chemists in the United States about four thousand accepted the offer. Upwards of two thousand have promptly furnished their written endorsement that the article is all that is claimed for it, and in the strongest language recommended its general use, not only as a remedial agent, but a delightful, harmless, and pleasant beverage. These voluntary endorsements are from gentlemen of unquestionable knowledge and the most perfect science.

Nor alone have practitioners and chemists furnished their testimonials. The public press, in almost every principal city and town, has spoken boldly in its favor in its editorial columns.

The New York Medical Gazette and Journal of Health, high authority, has repeatedly proclaimed its excellency. In the July number of that journal, Dr. Resse, its accomplished editor, has publicly invited a discussion upon the subject of the use of alcoholic mixtures, medicinally, in his widely circulating columns, and the views of the medical faculty in reference to my schnapps in particular, giving an assurance that they should be spread before the public. Physicians, therefore, who have not already complied with my request to forward me their opinion as to its qualities, will oblige me by doing so through the editor of the Medical Gazette.

Were it necessary to do more than simply state this fact which he who runs may read, this advertisement could be increased to an indefinite length by the publication of these authorities, all on file at the ware-rooms of the proprietor, in New York.

It is not only as a remedial agent that the Schnapps are to be recommended, but as a gentle and perfectly harmless stimulus, which cannot be otherwise but healthful and invigorating, and may be indulged in with impunity by those of temperate habits, without the slightest fear of the baneful, mournful, and horrible consequences of intoxication—that vice which desolates the social hearth, entails misery upon countless thousands, fills our hospitals, almshouses, and prisons, and even furnishes the gallows with its deadly fruit.

In countries where pure wines and liquors can be had readily, and for a mere trifle, they are freely used by all classes, and drunkenness is hardly known—that vice to which the couplet of the immortal poet so aptly applies:

"A monster of such hideous mien,
That to be hated, needs but to be seen."

Were Wolfe's Schiedam Aromatic Schnapps to be drank in preference to all other distilled or fermented liquors, our temperance societies would have less arduous labor to perform, and Horace Greely, Gough, Barnum, and the other learned, eloquent, and devoted friends of total abstinence, would rarely be called on to ascend the rostrum, and cause thousands to listen with "an attent ear" to the great and startling truths they relate with such fervid and impassioned eloquence. There need be no Maine law to suppress intoxication.

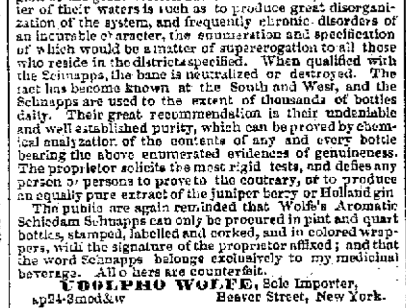

As long as men and women will persist in drinking drugged, adulterated, poisoned liquors, with which the country is flooded, drunkenness and all its concomitant evils must exist. We may well exclaim with Cassio—

"Oh, that a man will put an enemy into his mouth
To steal away his brains."

In many districts of this country, particularly in the region of the great western and southern rivers, the character of their waters is such as to produce great disorganization of the system, and frequently chronic disorders of an incurable character, the enumeration and specification of which would be a matter of supererogation to all those who reside in the districts specified. When qualified with the Schnapps, the bane is neutralized or destroyed. The fact has become known at the South and West, and the Schnapps are used to the extent of thousands of bottles daily. Their great recommendation is their undeniable and well established purity, which can be proved by chemical analyzation of the contents of any and every bottle bearing the above enumerated evidences of genuineness. The proprietor solicits the most rigid tests, and defies any person or persons to prove to the contrary, or to produce an equally pure extract of the juniper berry or Holland gin.

The public are again reminded that Wolfe's Aromatic Schiedam Schnapps can only be procured in pint and quart bottles, stamped, labelled and corked, and in colored wrappers, with the signature of the proprietor affixed; and that the word Schnapps belongs exclusively to my medicinal beverage. All others are counterfeit.

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who presevere in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton. St. Philips, near Bath, Somersetshire, 17th August, 1853.

To Professor Holloway,

Sir,—A Mr. Joseph Purton, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.
I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings; and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares the your Pills have been the means of saving her life.
I remain, Dear Sir, yours truly,
July 23d, 1853. (Signed) J. GAMIS.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms

PATENT MEDICINES.

Mexican Mustang Liniment.

DURHAMVILLE, N. Y., December 12, 1851.

Messrs. Bragg & Co.:—

Gents:—Although a stranger to you, I am not to your most valuable medicine called Mexican Mustang Liniment. One year ago, I became afflicted with an enlargement of my knee joint; also a weakness which disabled me almost from using my limbs at all. I called on a physician in Syracuse—(the name could be given)—he examined it and told me to bathe it with warm water, and rub it two or three times a day, and it might go off without much trouble; if not, to call again. Some weeks passed, and it grew no better. I then called on another doctor at Oneida Depot; he told me nothing would help it but blistering and lancing. I could not consent to this, and called on Drs. C. & T.; they gave me a mixture of indigo, calomel, &c. I tried this and it did no good. I then used five or six dollars worth of a liniment that had been recommended to me. All of those medicines I have been using for the last ten months, thorough, and according to directions, without the least possible good resulting from it. I then obtained some of your Mexican Mustang Liniment; the first bottle, a 25 cent size, I perceived straightened my joint. I am now using my fourth bottle, and my knee is nearly well. Yours, in haste,
HIRAM FIELD.

HUNTSVILLE, N. C., November 28, 1853.

Messrs. A. G. Bragg & Co.: Gentlemen—Having been afflicted with the rheumatic pains for the last four years, and happening to meet with your advertisement in the papers, I came to the determination to give it a trial, as I had tried nearly every popular remedy without effect. I am now happy to say to you, that the Mexican Mustang Liniment has entirely cured me. I applied three fifty-cent bottles on my limbs, and am now as free from pain as I ever was in my life. My case was so strange to the people in this section, my friends are perfectly asonished at the effects of the Liniment. You are at liberty to make this public if you desire to do so.
With much respect, SAMUEL A. DAVIS.

Lumbago, Salt Rheum, Tetter, Eruptions, Ringworms and Piles, are cured in a very short time by applying the Mustang Liniment according to directions given with the bottles.

Broken and Caked Breasts, Sore Nipples, Piles, Eruptions, and Corns on the feet, are easily cured by a thorough application of the Mustang Liniment for those complaints.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.
One to two 50 cent bottles will cure the Salt Rheum,
One 25 cent bottle will cure the Caked Breast.
One small bottle is a certain cure for Sore Nipples.
One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.
One to two small bottles will cure the Neuralgia.
One bottle, 50 cent size, will cure the severest Burn or Scald.
One dollar bottle will cure the Spinal Disease.
One small bottle will cure the Piles in any stage of the disease.
One to two 50 cent bottles will cure the Scrofula, in any case.
One small bottle will cure Chapped Hands.
Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever Sores on the legs or shins, that have resisted all other treatment.
One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.
One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.
One 50 cent to a dollar bottle will cure all cases of Galls, Chafes, Fresh Cuts and Lameness.

A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions.

CURE OF SALT RHEUM OF TEN YEARS STANDING.

A lady residing near Lynn, Osage Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire care in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

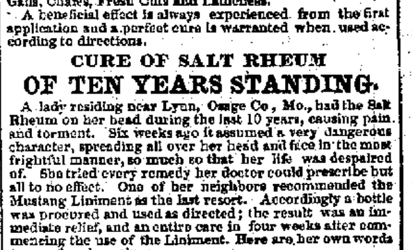

PRICES.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes.

For sale by A. G. BRAGG & CO., sole Proprietors.—Principal office, corner of Third and Market streets, St. Louis and 304 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Fess, Jr, and A. F. Clark

CHERRY PECTORAL,

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures affected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C. Aug. 4, 1853.

J. C. Ayer. Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your Cherry Pectoral in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonfull every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.
I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

Dr. J. C. Ayer,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S. Almost any number of certificates can be sent to you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. Ayer, Sir: This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.
Yours very respectfully,
D. A. McCULLEN, Attorney at Law.

Wilksbarre, Pa., Sept. 28, 1850.

Dr. J. C. Ayer. My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation.—I invariably recommend it for pulmonary affections, as do many of our principal physicians.
I am your friend,
CHAS. STREATER, M. D.

MEDICATED INHALATION.
A NEW METHOD.

A MOST WONERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured, I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. DOCTOR D's

Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy.

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are assured of absolute privacy. The advantages of this system are too well known to need any comment. All who have stood in need of advice or attention from Dr. D. may confide to him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venereal complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising in their various shades, gonorrhœa, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but call upon him, to make every thing satisfactory in every treatment. Such is the absolute efficacy of the practice of Dr. D. that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-dlyr

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS, CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and I have no doubt, permanently so. SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1853.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find, yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 23, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you requested my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had when twenty years ago.

I commenced using the Restorative some weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed.
Yours, very respectfully,
N. B. HOLMAN,
BLISSFIELD, June 10, 1853.

Prof Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.
